Informed Consent and Permission Form – Root Canal Therapy

I hereby authorize Dr Viet Ho to perform a root canal on tooth number: _____

Doctor Ho has explained to me that the purpose of this procedure is to retain teeth that may otherwise have to be extracted. Doctor Ho has explained to me the treatment and the anticipated results of the treatment. I understand that this is an elective procedure and that there are alternative treatments, doctor Ho has explained the risks and benefits of the alternatives. I also understand that root canal therapy has a very high success rate, but doctor Ho has not guaranteed or warranted a perfect result. Doctor Ho has explained to me that there are certain potential risks in the procedure. These include:

1. Inability to completely fill the root canal because the canal is calcified or has a unique curvature (this may require endodontic surgery or extraction of the tooth)
2. Infection that may occur and may continue, requiring further endodontic surgery or extraction
3. Fracture or breakage of the root or crown portion during or after treatment
4. Inadvertent breakage of files or instruments within the root canal system that are unable to be retrieved
5. Perforation of the tooth or root of the tooth during treatment
6. Damage to existing fillings, crowns or porcelain veneers
7. As a result of the injection or use of anesthesia, at times there may be swelling, jaw muscle tenderness or even a resultant temporary or permanent numbness of the tongue, lips, teeth, jaws and/or facial tissues

I understand that the medications, drugs, anesthetics and prescriptions taken for this procedure may cause drowsiness and lack of awareness and coordination. I further understand that drugs and anesthetics may cause unanticipated reactions, which might require medical treatment. I also understand that I should not consume alcohol or other drugs at the same time because they can increase these effects. I have been advised not to work and not to operate any vehicle or machinery until I have fully recovered from the effects of the medications.

Please do not hesitate to ask the doctor or the staff if you have any questions.
